

# Cookie Policy of MEDIPA HANDELS GmbH

(Version 2.1 – Reviewed November 2025 by Data Protection Officer)

## 1. Introduction

This Cookie Policy explains how **MEDIPA HANDELS GmbH** uses cookies and similar technologies on his websites [www.merinos-eu.de](http://www.merinos-eu.de) & <https://shop.merinos-eu.de> . For detailed information about how we process personal data, please see our Privacy Policy

## 2. What Are Cookies?

Cookies are small text files that your browser stores on your device when you visit a website.

They help websites function properly, enable secure login, and maintain your session during navigation.

You can manage or delete cookies through your browser settings; however, blocking essential cookies may limit certain website functions (for example, the **Händler Login** area).

## 3. Cookies and Log Files in Use

Based on current verification, MEDIPA HANDELS GmbH uses only one cookie that is technically required for operation of the B2B customer portal.

No analytics, advertising, or third-party tracking cookies are used.

Cookie Name	Provider	Purpose	Type	Duration
PHPSESSID	shop.merinos-eu.de	Maintains the user session required for secure login to the B2B Portal.	Strictly necessary (session cookie)	Session

### Server Log Files:

Our web servers automatically store limited technical data (IP address, browser type, time stamp, accessed page) to ensure security and error prevention.

These log files are evaluated only for security and system-stability purposes and are deleted or anonymised within 7 days.

## 4. Legal Basis

The use of the session cookie and temporary log-file storage is necessary for providing the telemedia service explicitly requested by the user (secure website access). Processing is therefore based on our legitimate interest in a secure and functional website pursuant to Art. 6 (1)(f) GDPR and the exemption of § 25 (2) TTDSG.

## **5. Managing Cookies**

You can configure your browser to block or delete cookies. Most browsers allow you to receive a warning before a cookie is stored. Please note that if you block the PHPSESSID cookie, you may not be able to log in or use the B2B Portal properly.

## **6. Future Cookies and Consent**

If MEDIPA HANDELS GmbH introduces any new cookies that are not strictly necessary (e.g. analytics or marketing tools), such cookies will not be set until the user has provided explicit consent through a compliant cookie-consent mechanism. This Cookie Policy will be updated prior to any such implementation.

## **6. Updates to This Policy**

This Cookie Policy is reviewed regularly to ensure that it remains accurate and compliant. Each version indicates its effective date. Older versions are retained internally by the Data Protection Officer for accountability purposes.

**Last updated:** November 2025

## **7. Contact**

For any questions about this Cookie Policy or the use of cookies on our websites, please contact our Data Protection Officer:
